

Scherer Inc. has been in business since 1994 and has grown to over 90 employees. We produce products for various industries and customer groups.

Reconditioned Rolls

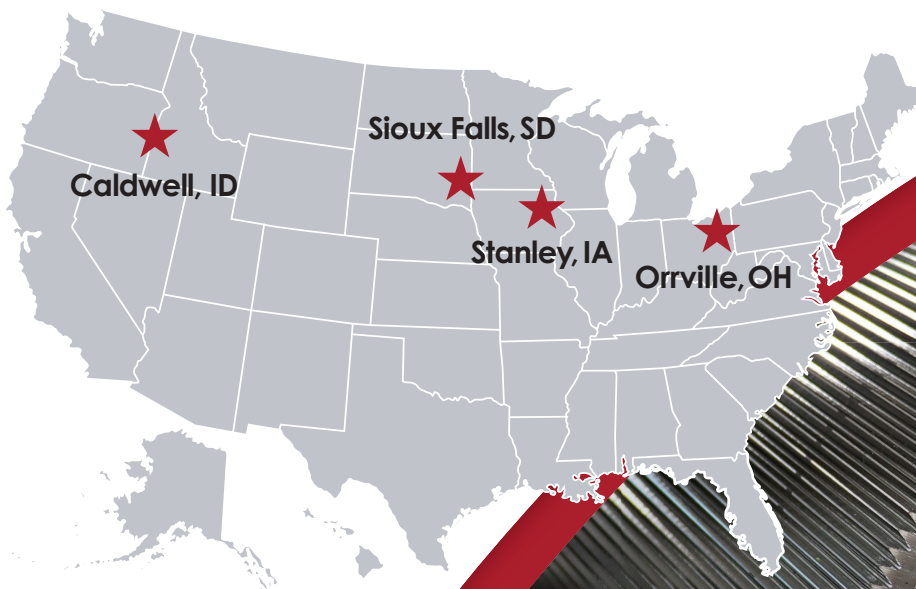

Our Mill Roll Division reconditions chilled cast mill and flaker rolls for the feed, soy, and flour production industries. We have been reconditioning mill rolls for the past 30 years; it is our specialty. We provide premium roll reconditioning services to ensure consistent, uniform production at your facility. Our commitment to quality and fast turnaround times ensures that your operations run smoothly and effectively.

New Mill Rolls

We produce new rolls for all roller mills and roll stands, sharpen dull rolls, offer onsite service/exchange for feed mills, and sell new chilled cast rolls.

- Chilled Iron Mill Rolls
- Chilled Iron Rolls for the Soy Crush Industry
- Chilled Iron Rolls for the Flour Production Industry
- Chilled Iron and Hardened Steel Rolls for Specialty Grinding
